

## Controlled Medication

Some controlled medication we are legally unable to prescribe during a video appointment. This include (but not limited to):

- Zopiclone
- Zolpidem
- Temazepam
- Lorazepam
- Diazepam
- Alprazolam (Xanax)
- Codeine
- Co-codamol
- Tramadol
- Methylphenidate
- Cloazepam
- Chlordiazepoxide
- Clobazam
- Diamorphine
- Morphine
- Oramorph
- Hydrocodone
- Clonazepam
- Oxycodone
- Dexamfetamine
- Buprenorphine

For safety purposes, you must see a GP face-to-face to assess whether these medications would be suitable for you.
